

Detect intrusions, movements, behaviors, liquid or gaz leaks, fire starts even in harshest conditions.

## SECURITY

**INTRUSION  
DETECTION**

**PERIMETER  
PROTECTION**

**ZONE  
SURVEILLANCE**

**DANGEROUS  
MATERIALS  
LEAKS  
DETECTION**

**FIRE START**

### ADVANTAGES

- Very high range detection
- 100% guaranteed detection
- Easy installation and quick set-up
- Low false alarm rates, contractually guaranteed
- Enhanced picture stabilization
- Mutiple detection scenarios

### MARKET FIELDS

Military sites  
Nuclear facilities  
Industry  
Police  
Energy  
Transportation

Logistics  
Leisure  
Assets  
Banking  
VIP

## MAIN APPLICATIONS TECHNICAL DATASHEET

### INTRUSION DETECTION PERIMETER PROTECTION

- Line trespassing
- Appearance / Disappearance
- Entry / Exit
- Accesses and exits surveillance
- Trajectory analysis (and/or/then)

### FIRE DETECTION

- Fire start
- Abnormal heating

### BEHAVIOR ANALYSIS

- Wrong direction
- Laid or removed objects
- Speed measure
- Loitering and immobility
- Trajectory

### LEAKS DETECTION

- Liquids leaks
- Gaz leaks (any temperature)
