INTRUSION DETECTION

COUNTING AND STATISTICS

SAFETY

FIRE START DETECTION

ABNORMAL EVENT DETECTION

MIC   SPK

LAN1   LAN2   VGA   HD   DC-12V

MAIN APPLICATIONS

- Intrusion detection and perimeter protection
- Industrial protection (fire, leaks, …)
- Loitering and laid objects detection
- Counting and measures
- Abnormal events detection

TECHNICAL DATA

- Analytics and detection on two IP channels
- No moving part
- Extended temperature range from 0°C to +60°C
- Power consumption < 12W
- Compact form factor : 14 cm x 13 cm x 5 cm, less than1 kg
- RAM 4GB, SSD 128 GB, CPU Intel 2.24GHz
- 4xUSB, HDMI+VGA,2x RJ45, audio output, mic input

EVITECH handles many integrations of video surveillance systems in all kinds of environments.
Do not hesitate to contact us for your projects.
Product also available in 1 or 4 channels versions, and up to 32 channels on server version.
